

What is KYB4M?

Know Your Bible For Men and Mixed Groups is a ministry using material produced by CWCI.

KYB studies distributed by KYB4M are designed to help men & mixed groups to know God's Word and its message for today through personal study and group sharing.

The studies are designed so that members have the passage of Scripture brought to them in four ways each week:

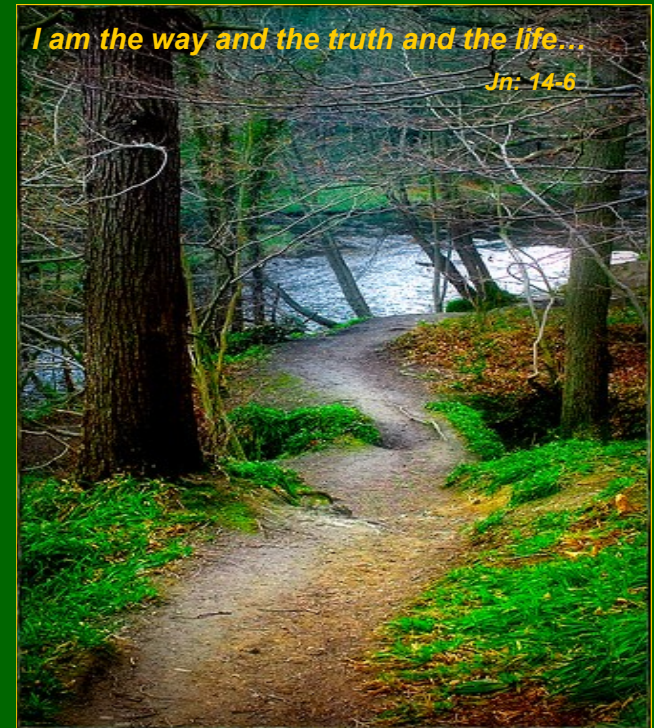

- 1 At home answering the daily questions.
- 2 In group discussion.
- 3 By the leader's summary after the discussion.
- 4 In the printed notes given on each lesson.

Some benefits of study with the Know Your Bible method are:

- A daily devotional pattern is established for each person and all are nurtured by God's Word.
- Discussion leaders are trained and equipped for further service to God.
- KYB4M Leaders are stimulated to study and become effective teachers of the Word.

What is the KYB4M method?

Four KYB studies are produced each year.

Three of these have an introduction and nine lessons, and one an introduction and five lessons.

Each person in the KYB4M group has a student's book. Each lesson has a passage of the Bible to read and questions to be answered each day.

For example:

Read Ephesians 2:8-9 'For it is by grace you have been saved, through faith—and this not from yourselves, it is the gift of God—not by works, so that no one can boast.'

1. How can we be saved?
2. Is it possible to earn salvation?
3. Give a definition of the word 'grace'.

The answers are written in the student's book.

When the KYB4M group meets, the leader introduces the study. They then break into discussion groups to share and discuss their answers to the questions. At the close, the leader gives a summary of the study.

Afterwards, the student reads the summary notes in the student's book.

How do we start a KYB4M group?

Contact the person whose details are on the back of this brochure or the KYB4M office. You will be sent a KYB4M Application Pack. Complete and return the forms in this pack.

Once your application has been approved, you will be assisted in the arrangement of your first meeting and the ordering of the study books.

KYB4M group format

It is suggested KYB4M groups meet for one and a quarter hours. The group should be kept to the times agreed upon so that members will know what is involved time-wise. The following is an example of the timing for a group:

5 minutes	Opening segment
1 hour	Discussion groups
10 minutes	KYB4M Leader's summary

It is preferable to meet weekly. However, there are groups that meet fortnightly and function satisfactorily.

Prior to the commencement of the group, leaders meet together to discuss the answers for the week's lesson and pray.
